The Supreme Court's recent decision in Dobbs v. Jackson Women's Health Organization ended the nearly fifty-year nationwide reign of abortion on demand that was ushered in by Roe v. Wade in 1973.

In this monumental legal victory, the Supreme Court rightly concluded that there is nothing in the Constitution's text, history, American legal tradition, or the Court's precedents that prevents the government from protecting preborn children in the womb from the violence of abortion. *Dobbs* returned the issue of abortion to the people's elected representatives at the federal and state levels; therefore, continuing work is needed in the coming months and years to protect children, women, and families from the tragedy of abortion.

The overturning of *Roe* is a long-awaited answer to prayer. And for those of us who have prayed for this moment to arrive, it is the time for a renewal and rededication of our efforts to build a culture of life & a civilization of love. Now is a critical moment to advocate for pro-life laws and policies, especially at the state and local levels. While it will take time for the *Dobbs* decision to play out, abortion is legal in more states than not, with many working to expand and enshrine abortion protections. In addition to our efforts to protect human life in law, we must also redouble our efforts to serve women facing unexpected or difficult pregnancies, offering them the compassionate support they need to lovingly welcome the gift of their children. We must recommit ourselves to doing whatever we can in every sphere to ensure the flourishing of both mothers and their children throughout life's journey.

We would like to thank Fr. Dan

for stepping up at the last minute to lead us in prayer at the March for Life in Defiance on Monday, January 23rd. His reflections & prayers were truly inspiring.
